SITUATION IN RUSSIA

IS CAUSING CONCERN Outcome of National Council to Be Held at Moscow is Awaited With In-

Washington, Aug. 23.—Russia's critical internal situation, aggravated by the new German drive against Rigathreatening the capital, is watched by the official here with grave concern. It became known today that official advices are closly in accord with ficial advices are closly in accord with the concern of the concern of the concern of the concern of the capital state of the concern of the capital state orss despitches describing grave po-itical conditions.

The outcome of the forthcoming ex-

traordinary national council to be heal at Moscow is awaited here with inat Moscow is awaited here with interest, scarcely less keen than in Rus
itself. The immediate fate of Russia, it is felt, depends upon it.
Out of the great gathering in which
the conservative elements are expected to unite in an effort to compel
the provisional government to throw
off the socialistic control of the soldiers and workmen's council, one of
two results is expected:

five cents per ton to the price.

The coal administration will be organized as soon as Dr. Garfield has
completed his work of recommending
to the food administration a government price for the 1917 wheat crop.
Dr. Garfield's price-fixing committee,
it was said today, would be ready to
announce a price within a few days.

Dr. Garfield announced tonight he
worked a licensing system for

organizing the army and resuming the for retailers the licensing would offensive against the central powers, extended to cover retail dealings. or open civil strife.
It appears that little can be done
by outside influence, even that of the
American government, to help immediately in the crisis. The problem values of at a conference by Sectories Lansing, McAdoo and Baker. is understood that attention was chief-ly given t othe financial and industrial aid which the United States can and will give and the assurance of which of the Russian provisional authori-
